VEHICLE EXCISE DUTY

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and it’s carbon dioxide (CO₂) emission level, measured in grammes per kilometre (g/km). The table opposite illustrates the duty you will pay based on the DVLA bandings.

The standard rate for Petrol and Diesel is £165 and £155 for Alternative Fuel Vehicles. Please be aware vehicles with a list price (RRP), including options, higher than £40,000 will incur an additional £520 a year in vehicle tax, from the second time the vehicle is taxed. For full details please refer to gov.uk/vehicle-tax-rate-tables.

YOUR TYRE LABEL

They may not be the first part of your CUPRA you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know.

Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

You'll see more in-depth information on your tyres while configuring your car. Click **here** to start building your CUPRA now.

FUEL EFFICIENCY

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your fuel consumption, with tyres rated as class A being the most efficient.

WET GRIP

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with grade A giving the shortest stopping distance.

EXTERNAL NOISE

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise class A being the quietest and C the loudest.

THE CUPRA WARRANTY

Three-year warranty

All new CUPRAs registered in the UK come with a three year/60,000 miles warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage, plus a further one year up to a maximum of 60,000 miles (whichever is soonest).

Retailer warranty

Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised CUPRA Retailer or repairer, however, this additional warranty must be purchased before the mileage reaches 60,000. Cover is subject to the car being serviced and maintained according to the manufacturer's technical guidelines. Full details of the three-year warranty are available from your CUPRA Retailer or repairer.

*SEAT Financial Services is a trading name of Volkswagen Financial Services (UK) Limited. CUPRA Extended Warranty is sold and administered by Lawshield UK and underwritten by Volkswagen Versicherung AG. Terms, conditions, and eligibility criteria apply.

WARRANTIES

CUPRA EXTENDED MANUFACTURER WARRANTY

If you take out a CUPRA Extended Manufacturer Warranty before your new car is registered, you'll get exactly the same level of cover as the three year warranty, but for up to five years. You can choose a CUPRA Extended Manufacturer Warranty to last until the end of the 4th year/ up to 75,000 miles or until the end of the 5th year/up to 90,000 miles (whichever is soonest). Please note: CUPRA Extended Manufacturer Warranty products are only available at the time of ordering your new CUPRA.
