CUPRA Born VZ 79kWh 326PS

# BORN V1

PRICE FROM £34,495 (WITH ELECTRIC CAR GRANT APPLIED)

AVAILABLE ON 58KWH AND 79KWH BATTERIES

## KEY SPECIFICATION FOR THE V1 TRIM

### WHEELS AND TYRES

- 19" 'STORM' machined alloy wheels in sport black with 235/45 R19 tyres

### INTERIOR EQUIPMENT

- Multi-coloured interior ambient lighting
- Heated, leather-wrapped multi-function steering wheel with satellite buttons (includes regenerative paddles on 79kWh battery)
- CUPRA e-Sound

### EXTERIOR EQUIPMENT

- LED headlights with adverse weather function
- LED rear combination lamp with ceremony function
- Rain-sensing wipers
- Heat-reflecting glass and acoustic windshield
- Electrically adjustable, folding and heated door mirrors

### INFOTAINMENT

- 12.9" navigation system
- 10.25" digital cockpit
- CUPRA CONNECT: Safety and Service, Remote Access and Online Infotainment
- Wireless Full Link smartphone integration with mirroring technology
- Safety and Service: 10 year licence included:
  - Emergency call
  - Breakdown call
  - Service scheduling

### SEATS AND TRIM

- Front sport bucket seats in black Seaqual® yarn
- Copper interior detailing
- Heated front seats

### FUNCTIONAL AND MECHANICAL

- Rear view camera
- Sport suspension
- Drive Profile Selection (Range, Comfort, Performance, Individual) (CUPRA mode on 79kWh only)
- Regenerative braking with one-pedal driving

### SAFETY AND SECURITY

- Adaptive cruise control with speed limiter
- Forward collision warning with automatic braking
- Attention and drowsiness assist with driver monitoring
- Lane assist
- Traffic sign recognition
- KESSY advanced with illuminated door handles
- Mobile Digital Key with physical card key

### CHARGING

- Mode 3 charging cable 32A

INFORMATION AT YOUR FINGERTIPS VIA THE 10.25" DIGITAL COCKPIT AND 12.9" CENTRAL DISPLAY INFOTAINMENT SYSTEM

The CUPRA CONNECT services can be operated only by using available public communication technologies. Please note that due to development of these technologies, especially mobile networks, CUPRA cannot guarantee consistent availability in all countries for the duration of CUPRA CONNECT services. Possible changes in technology may cause permanent unavailability of them.

- Regenerative braking with one-pedal driving
- Launch control
- Top view camera
- Intelligent park assist
- Remote park assist with trained park assist

### INFOTAINMENT

- Sennheiser™ Premium Audio

\*The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style. The indicated range has been calculated in compliance with the WLTP regulation which sets out standard test conditions applicable to all car manufacturers. This ensures that the values calculated in accordance with this regulation are comparable for all vehicles.

# CONNECTED BEYOND THE PHYSICAL

## **FORGOT WHERE YOU'VE PARKED?**

Simply open the MyCUPRA app and you will be able to easily locate your vehicle in cities or large parking areas.

The GPS coordinates will give you the exact address and you are then able to navigate to it through the easy to use map.

## **IS MY CAR SECURE?**

For those moments when you're unsure if you've locked your car.

Through the MyCUPRA app, authorised users can see and control the lock status of the doors and boot.

## **DETERMINE YOUR IDEAL TEMPERATURE**

On those cold winter mornings, you'll no longer need to sit in your car while you wait for it to warm up and defrost.

With its remote temperature control, you can program the perfect temperature you want when sitting at the wheel, defrosting the windows in the process\*.

## **WHEN IS MY SERVICE DUE?**

You have enough things in your head to have to remember your next car service.

Activate automatic service scheduling and your chosen authorised service partner will contact you as soon as your vehicle detects the need of a service (inspection or relevant warning light).

\*Feature only available on e-HYBRID and fully electric models.

## **TAKE YOUR CONNECTIVITY TO THE MAX**

Just download the MyCUPRA app, create an account with your personal data and introduce the chassis number of your car located on the left side of the windscreen. In only a few minutes, you will have your CUPRA in the palm of your hand.

## **ENROL YOUR CUPRA TO CONNECT**

## **DOWNLOAD MYCUPRA APP**

# CUPRA CONNECT

Get the most out of your new CUPRA by downloading the MyCUPRA app. CUPRA CONNECT's innovative services and functions connect you with your CUPRA and the world. The app lets you connect your phone to your CUPRA and allows you to seamlessly access crucial driving data and information about your vehicle. For instance, you can check if all your car's doors are locked from wherever you are, or you can see exactly where you've parked your CUPRA.

CUPRA CONNECT offers a wide range of safety and comfort functionalities that enhance your experience in and out of your CUPRA. The standard CUPRA CONNECT services are available free for 10 years to all CUPRA owners.

## CUPRA CONNECT

FREE FOR 10 YEARS

Standard CUPRA CONNECT enables access to multiple features and benefits including:

- Battery care mode
- Breakdown call
- Customer care
- CUPRA plug & charge
- CUPRA public charging
- Data plan
- E-Manager
- EV Route planner
- Internet radio
- Low voltage battery protection
- Online destination import
- Online map update
- Online POI search
- Online route import
- Online vehicle maintenance
- Parking position
- Personalisation
- Profiles & timers
- Remote lock & unlock
- Remote park assist
- Vehicle health report
- Vehicle Status
- Charging stations
- Connected travel assist
- Online route information
- Online traffic information
- Mobile Digital Key
- App Store

Please note: The availability of CUPRA CONNECT services may vary depending on your vehicle and vehicle equipment.

Connectivity of the Next-Generation "eCall" Emergency Call System ("NG eCall") is dependent on the availability of third-party services and may not be possible in some scenarios, including where telecommunications infrastructure is unable to receive or relay data transmitted by the vehicle. UK telecoms infrastructure is currently undergoing upgrades to enable compatibility with NG eCall and cannot fully support data transmitted via NG eCall until those upgrades are complete. NG eCall will operate in a limited capacity until that time and should not be relied upon exclusively in an emergency. For further information on system limitations please speak to your retailer.

\*BIK value is based on WLTP CO<sub>2</sub> and applicable from 12/05/26.

\*\*\*The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style. The indicated range has been calculated in compliance with the WLTP regulation which sets out standard test conditions applicable to all car manufacturers. This ensures that the values calculated in accordance with this regulation are comparable for all vehicles.

The Recommended 'On The Road' price includes delivery charge to Retailer and number plates, one year's Road Fund Licence at the 1st year rate, and the new vehicle registration fee (£55). VAT is calculated at 20.0%. CUPRA may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen CUPRA Retailer. Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 12/05/2026. Figures quoted are for a range of configurations and are subject to change due to ongoing approvals/changes.

The Electric Car Grant is a UK Government grant to promote the purchase of certain new electric vehicles. The grant is not exclusive to Volkswagen Group United Kingdom Limited. Selected CUPRA Born models are eligible for this Grant within Band 2, meaning eligible customers purchasing a qualifying vehicle will receive £1,500 off the purchase price. The grant is available when purchasing CUPRA Born V1 or V2 models. The £1,500 will be automatically deducted from the purchase price for your vehicle on the retail invoice. Any discount or offer will be applied before application of the grant. Your authorised CUPRA Retailer will submit the details of your order in order to claim the grant funding. The grant is subject to full T&Cs and eligibility requirements and may be replaced, withdrawn or amended by the UK Government at any time. For more information, please contact your CUPRA Retailer or visit <https://www.gov.uk/plug-in-vehicle-grants>

Cannot be claimed retrospectively against previous orders. No cash alternative. UK only (excludes Channel Islands and Isle of Man). Vehicle must be registered in the UK and customer must pay UK VAT on purchase. Vehicle eligibility and grant figure correct as at 12/05/26.

# CHARGING AT HOME AND ON THE GO

## CHARGING AT HOME

Charging your new CUPRA Born at home is likely to become part of your everyday routine, so we've made it simple.

There are two options for home charging, either via a traditional three-pin plug or a specially installed wallbox (the Mode 3 DC cable is standard equipment). Ohme is CUPRA's recommended supplier to install a wallbox at your home and guide you through the complete home charging journey. Ohme have a range of chargers with features such as smart scheduling to charge your CUPRA when the electricity rates are at their lowest.

## KNOW YOUR POWER SUPPLIES

AC – Alternating Current  
DC – Direct Current

## WHY DO WE RECOMMEND A WALLBOX IS INSTALLED TO CHARGE YOUR CUPRA BORN?

While a three-pin socket can charge your new CUPRA Born at home, a home wallbox is recommended due to the high energy demands and the significantly faster charge time. A 7.2kW wallbox can charge your CUPRA Born three times faster than with a three-pin plug. A home wallbox installed by an accredited installer like Ohme ensures that your car receives a full night of uninterrupted fast charge.

## CHARGING ON THE GO

While you're out on the road, you can choose from a number of public charging points to top up your new CUPRA Born. Zapmap is a great website ([zap-map.com](http://zap-map.com)) to locate suitable chargers across the UK.

## COMBINED CHARGING SYSTEM (CCS)

AC and DC rapid charging is available at most public charging stations. Rapid chargers are the fastest way to charge an EV vehicle and often found in motorway services or in locations close to main roads. The CUPRA Born is equipped with CCS, which supplies high power direct or alternating current (DC/AC) to charge a battery to 80% quickly.

## REGENERATIVE BRAKING

This is the recovery of energy usually lost when braking. CUPRA Born optimises braking energy to prolong its battery life and not reduce your range.

# VEHICLE EXCISE DUTY

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and its carbon dioxide (CO<sub>2</sub>) emission level, measured in grams per kilometre (g/km). This table illustrates the duty you will pay based on the DVLA bandings.

The standard rate for Petrol, Diesel and Alternative Fuel Vehicles is £200. Please be aware vehicles with a list price (RRP), including options, higher than £40,000\* will incur an additional £440 a year in vehicle tax.

\*Please note, as a result of the Budget 2025, the VED Expensive Car Supplement (ECS) threshold for zero-emission cars increases from £40,000 to £50,000. This means that zero-emission cars with a list price which exceeds £40,000, but does not exceed £50,000, will no longer be required to pay the ECS charge when they take out a licence which comes into effect on or after 1 April 2026 which is not a first vehicle licence. The threshold will be maintained at its current level of £40,000 for all other cars.

For full details please refer to [gov.uk/vehicle-tax-rate-tables](https://gov.uk/vehicle-tax-rate-tables)

For full details on the VED ECS threshold increase, please refer to [GOV.UK](https://gov.uk)

## 12-MONTH ROAD FUND LICENCE (RFL) RATE FOR PETROL AND ALTERNATIVE FUEL VEHICLES

| CO <sub>2</sub> g/km | 1ST YEAR RATE |
|----------------------|---------------|
| 0                    | £10           |
| 1                    | £115          |
| 51                   | £135          |
| 76                   | £280          |
| 91                   | £365          |
| 101                  | £405          |
| 111                  | £455          |
| 131                  | £560          |
| 151                  | £1,410        |
| 171                  | £2,270        |
| 191                  | £3,420        |
| 226                  | £4,850        |
| 256                  | £5,690        |

CARS REGISTERED ON OR AFTER 1 APRIL 2026

# BENEFIT IN KIND TAX

## HOW TO CALCULATE YOUR LIABILITY

The BIK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2026/27.

### BIK CALCULATION EXAMPLE: CUPRA BORN V1 58KWH 190PS

|  |            |
|--|------------|
| P11D value (Recommended On The Road Price less RFL and first registration fee) | £35,930.00 |
| WLTP CO <sub>2</sub> emissions (g/km)  | 0          |
| Company car BIK tax based on CO <sub>2</sub> emission level                    | 4%         |
| Taxable BIK (for 2026/27 tax year):<br>4% of £35,930.00                        | £1,437.20  |

### ANNUAL COMPANY CAR TAX 2026/27 (@20% INCOME TAX)

|                  |                   |
|------------------|-------------------|
| 20% of £1,437.20 | £287.44 per annum |
|------------------|-------------------|

### MONTHLY COMPANY CAR TAX 2026/27 (@20% INCOME TAX)

|                       |                  |
|-----------------------|------------------|
| £287.44 divided by 12 | £23.96 per month |
|-----------------------|------------------|

# YOUR TYRE LABEL

They may not be the first part of your CUPRA you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know. Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

You'll see more in-depth information on your tyres while configuring your car. Click [here](#) to start building your CUPRA now.

## ENERGY EFFICIENCY

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your energy consumption, with tyres rated as Class-A being the most efficient.

## WET GRIP

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with Grade-A giving the shortest stopping distance.

## EXTERNAL NOISE

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise Class-A being the quietest and C the loudest.

# WARRANTIES

## **FIVE-YEAR MANUFACTURER WARRANTY**

All new CUPRA's ordered on or after 03/04/2024 in the UK, come with a five-year/90,000 mile warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage, plus a further three years up to a maximum of 90,000 miles (whichever is soonest).

## **BATTERY WARRANTY**

The batteries for battery electric vehicles (BEVs) are warranted against all defects in materials and workmanship for eight years or up to 100,000 miles, whichever comes first.

A gradual reduction in battery energy content over time is a normal feature of high voltage battery and does not constitute a warrantable defect. For BEVs, the battery energy content degradation warranty lasts for eight years or up to 100,000 miles, whichever comes first. Where the battery energy content of the high voltage battery is measured by a CUPRA authorised repairer and is found to be less than 70% during the warranty period, then it will be repaired or replaced under warranty subject to conditions. For full details, please go to the CUPRA UK website.

## **THREE-YEAR PAINT WARRANTY**

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

## **TWELVE-YEAR BODY PROTECTION WARRANTY**

The internal body sections and panels of the models featured in this price list are covered against corrosion originating from internal cavities for twelve years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

## **CUPRA PARTS WARRANTY**

CUPRA parts and accessories supplied after new vehicle delivery are covered by our 24-month parts warranty.

## **CUPRA ROADSIDE ASSISTANCE (INCLUDING EUROPEAN COVER)**

Any new CUPRA purchased and registered in the UK from an authorised CUPRA Retailer, is covered free by CUPRA Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of one year. Terms and conditions apply.

## **SPECIFICATIONS**

Specifications refer to Model Year 2027. While CUPRA makes every effort to make sure that specifications are accurate at time of going to press (05/2026), you should always check details with your CUPRA Retailer as there may have been changes in view of CUPRA's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

CUPRA is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While CUPRA makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised CUPRA Retailer for the latest information. Due to limitations of the printing process, the colours reproduced in this brochure may vary slightly from the actual paint colour and material. This vehicle and all its parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality.
