  - Car2X intelligent vehicle networking

### EXTERIOR EQUIPMENT

- Exclusive Dark Forest paint (optional)
- CUPRA and VZ logo lettering in Dark Chrome

Model shown: CUPRA Born VZ 79kWh 326PS e-Boost in Dark Forest

\*The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style. The indicated range has been calculated in compliance with the WLTP regulation which sets out standard test conditions applicable to all car manufacturers. This ensures that the values calculated in accordance with this regulation are comparable for all vehicles.

# CONNECTED BEYOND THE PHYSICAL

## **FORGOT WHERE YOU'VE PARKED?**

Simply open the MyCUPRA app and you will be able to easily locate your vehicle in cities or large parking areas.

The GPS coordinates will give you the exact address and you are then able to navigate to it through the easy to use map.

## **IS MY CAR SECURE?**

For those moments when you're unsure if you've locked your car.

Through the MyCUPRA app, authorised users can see and control the lock status of the doors and boot.

## **DETERMINE YOUR IDEAL TEMPERATURE**

On those cold winter mornings, you'll no longer need to sit in your car while you wait for it to warm up and defrost.

With its remote temperature control, you can program the perfect temperature you want when sitting at the wheel, defrosting the windows in the process\*.

## **WHEN IS MY SERVICE DUE?**

You have enough things in your head to have to remember your next car service.

Activate automatic service scheduling and your chosen authorised service partner will contact you as soon as your vehicle detects the need of a service (inspection or relevant warning light).

\*Feature only available on e-HYBRID and fully electric models.

## **TAKE YOUR CONNECTIVITY TO THE MAX**

Just download the MyCUPRA app, create an account with your personal data and introduce the chassis number of your car located on the left side of the windscreen. In only a few minutes, you will have your CUPRA in the palm of your hand.

## **ENROL YOUR CUPRA TO CONNECT**

## **DOWNLOAD MYCUPRA APP**

Notes: Some features may vary depending on the vehicle's configuration and equipment.

If you have any questions, you can call us free of charge at **00800 6000 4020** or write to us at **cupradigitalsupport@cupraofficial.com** or **cupra-id-support@cupraofficial.com**

# CUPRA CONNECT

Get the most out of your new CUPRA by downloading the MyCUPRA app. CUPRA CONNECT's innovative services and functions connect you with your CUPRA and the world. The app lets you connect your phone to your CUPRA and allows you to seamlessly access crucial driving data and information about your vehicle. For instance, you can check if all your car's doors are locked from wherever you are, or you can see exactly where you've parked your CUPRA.

CUPRA CONNECT offers a wide range of safety and comfort functionalities that enhance your experience in and out of your CUPRA. The standard CUPRA CONNECT services are available free for 10 years to all CUPRA owners.

Please note: The availability of CUPRA CONNECT services may vary depending on your vehicle and vehicle equipment.

## CUPRA CONNECT

### FREE FOR 10 YEARS

Standard CUPRA CONNECT enables access to multiple features and benefits including:

- Battery Care mode
- Breakdown call
- Customer care
- CUPRA Plug & Charge
- CUPRA Public charging
- Data plan
- E-Manager
- EV Route planner
- Internet radio
- Low voltage battery protection
- Online destination import
- Online map update
- Online POI search
- Online route import
- Online vehicle maintenance
- Parking position
- Personalisation
- Profiles & timers
- Remote lock & unlock
- Remote park assist
- Store
- Vehicle Health Report
- Vehicle Status
- Charging stations
- Connected Travel Assist
- CUPRA Charging map
- Online route information
- Online traffic information
- Parking stations
- Local hazard information

\*BIK value is based on WLTP CO<sub>2</sub> and applicable from 20/02/2026.

\*\*Exclusive Edition only available to customers who currently own a SEAT or CUPRA vehicle in Retail.

\*\*\*The accurate range for your vehicle will vary according to a number of different factors which include the route, weather conditions, vehicle load (occupants + luggage), battery age and condition, optional equipment (alloys, tyres, etc.), the use of peripheral energy consumption systems such as heating, air conditioning and heated seats, as well as your driving style. The indicated range has been calculated in compliance with the WLTP regulation which sets out standard test conditions applicable to all car manufacturers. This ensures that the values calculated in accordance with this regulation are comparable for all vehicles.

The Recommended 'On The Road' price includes delivery charge to Retailer and number plates, one year's Road Fund Licence at the 1st year rate, and the new vehicle registration fee (£55). VAT is calculated at 20.0%. CUPRA may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen CUPRA Retailer. Figures shown are for comparability purposes, only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 20/02/2026. Figures quoted are for a range of configurations and are subject to change due to ongoing approvals/changes.

The Electric Car Grant is a UK Government grant to promote the purchase of certain new electric vehicles. The grant is not exclusive to Volkswagen Group United Kingdom Limited. Selected CUPRA Born models are eligible for this Grant within Band 2, meaning eligible customers purchasing a qualifying vehicle will receive £1,500 off the purchase price. The grant is available when purchasing CUPRA Born V1, V2 or V3 models. The £1,500 will be automatically deducted from the purchase price for your vehicle on the retail invoice. Any discount or offer will be applied before application of the grant. Your authorised CUPRA Retailer will submit the details of your order in order to claim the grant funding. The grant is subject to full T&Cs and eligibility requirements and may be replaced, withdrawn or amended by the UK Government at any time. For more information, please contact your CUPRA Retailer or visit <https://www.gov.uk/plug-in-vehicle-grants>.

Cannot be claimed retrospectively against previous orders. No cash alternative. UK only (excludes Channel Islands and Isle of Man). Vehicle must be registered in the UK and customer must pay UK VAT on purchase. Vehicle eligibility and grant figure correct as at 18/08/25.

# e-BOOST

## WHAT IS e-BOOST?

With e-Boost, you'll have a surge of extra power available whenever you need it. By ramping up the already phenomenal output of the CUPRA Born, it gives you a burst of adrenaline-charged performance.

## HOW DO I ACTIVATE e-BOOST?

Whenever the impulse takes you, press the satellite button on the right of your steering wheel to unleash an extra 20kW of electrifying power – or choose the e-Boost option in your CUPRA Drive Profile menu. Better yet, simply ‘kick down’ on the accelerator to trigger e-Boost in the purest, most dynamic way.

### RANGE

Up to 346 miles (combined weighted electrical range-WLTP)\*

### CHARGE

5-80%:  
– 7.5 hours wallbox  
< 1hr rapid charge at public charging station\*

### SPEED

0-62mph = 7.1 seconds\*

## WHAT'S INCLUDED WITH e-BOOST?

The e-Boost package includes our CUPRA steering wheel with satellite buttons, designed to put unbridled performance at your fingertips. Just as importantly, it comes with enhanced front brake discs – capable of reining in all that incredible power.

\*Based on CUPRA Born V2 79kWh 230PS.  
For further charging information refer to technical information pages.

# CHARGING AT HOME AND ON THE GO

## CHARGING AT HOME

Charging your new CUPRA Born at home is likely to become part of your everyday routine, so we've made it simple.

There are two options for home charging, either via a traditional three-pin plug or a specially installed wallbox (the Mode 3 DC cable is standard equipment). Ohme is CUPRA's recommended supplier to install a wallbox at your home and guide you through the complete home charging journey. Ohme have a range of chargers with features such as smart scheduling to charge your CUPRA when the electricity rates are at their lowest.

## KNOW YOUR POWER SUPPLIES

AC – Alternating Current  
DC – Direct Current

## WHY DO WE RECOMMEND A WALLBOX IS INSTALLED TO CHARGE YOUR CUPRA BORN?

While a three-pin socket can charge your new CUPRA Born at home, a home wallbox is recommended due to the high energy demands and the significantly faster charge time. A 7.2kW wallbox can charge your CUPRA Born three times faster than with a three-pin plug. A home wallbox installed by an accredited installer like Ohme ensures that your car receives a full night of uninterrupted fast charge.

## CHARGING ON THE GO

While you're out on the road, you can choose from a number of public charging points to top up your new CUPRA Born. Zapmap is a great website ([zap-map.com](http://zap-map.com)) to locate suitable chargers across the UK.

## COMBINED CHARGING SYSTEM (CCS)

AC and DC rapid charging is available at most public charging stations. Rapid chargers are the fastest way to charge an EV vehicle and often found in motorway services or in locations close to main roads. The CUPRA Born is equipped with CCS, which supplies high power direct or alternating current (DC/AC) to charge a battery to 80% quickly.

## REGENERATIVE BRAKING

This is the recovery of energy usually lost when braking. CUPRA Born optimises braking energy to prolong its battery life and not reduce your range.

# VEHICLE EXCISE DUTY

All new vehicles are subject to a form of Vehicle Excise Duty (VED) based on the type of fuel the vehicle uses and its carbon dioxide (CO<sub>2</sub>) emission level, measured in grams per kilometre (g/km). The table illustrates the duty you will pay based on the DVLA bandings.

The standard rate for Petrol, Diesel and Alternative Fuel Vehicles is £195. Please be aware vehicles with a list price (RRP), including options, higher than £40,000 will incur an additional £425 a year in vehicle tax.

For full details please refer to [gov.uk/vehicle-tax-rate-tables](http://gov.uk/vehicle-tax-rate-tables)

## 12-MONTH ROAD FUND LICENCE (RFL) RATE FOR PETROL, DIESEL AND ALTERNATIVE FUEL VEHICLES

### CO<sub>2</sub> g/km      1ST YEAR RATE

0	£10
1	£110
51	£130
76	£270
91	£350
101	£390
111	£440
131	£540
151	£1,360
171	£2,190
191	£3,300
226	£4,680
256	£5,490

# BENEFIT IN KIND TAX

## HOW TO CALCULATE YOUR LIABILITY

The BIK percentage value is based on the CO<sub>2</sub> emissions of the vehicle for the current tax year 2025/26.

### BIK CALCULATION EXAMPLE: CUPRA BORN V1 59 kWh 230PS

P11D value (Recommended On The Road Price less RFL and first registration fee)	£35,690.00
--	------------

WLTP CO <sub>2</sub> emissions (g/km)	0
---------------------------------------	---

Company car BIK tax based on CO <sub>2</sub> emission level	3%
---	----

Taxable BIK (for 2025/26 tax year): 3% of £35,690.00	£1,070.70
---	-----------

### ANNUAL COMPANY CAR TAX 2025/26 (@20% INCOME TAX)

20% of £1,070.70	£214.14 per annum
------------------	-------------------

### MONTHLY COMPANY CAR TAX 2025/26 (@20% INCOME TAX)

£214.14 divided by 12	£17.85 per month
-----------------------	------------------

# BATTERY

	<b>59 kWh 230PS (V1, V2, V3, EXCLUSIVE EDITION)</b>	<b>79 kWh 230PS (V1, V2)</b>	<b>79 kWh 326PS (VZ)</b>
Type (cylinders / valves per cylinder)	Permanent magnet synchronous electric motor	Permanent magnet synchronous electric motor	Permanent magnet synchronous electric motor
Maximum power (kW (PS) / rpm) <sup>1</sup>	170 (231) / 5300-7000	170 (231) / 5300-7000	240 (326) / 5300-7000
Maximum torque (Nm / rpm)	310 / 0-5000	310 / 0-5000	545 / 0-5000
Fuel supply system	Li-ion battery	Li-ion battery	Li-ion battery
Fuel type	Electric	Electric	Electric
Emission control	RDE 2	RDE 2	RDE 2

1. The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower).  
To convert from metric to imperial horsepower, divide the PS by 1.0139.

# TRANSMISSION AND PERFORMANCE

	<b>59 kWh 230PS (V1, V2, V3, Exclusive Edition)</b>	<b>79 kWh 230PS (V1, V2)</b>	<b>79 kWh 326PS (VZ)</b>

## ELECTRIC CONSUMPTION<sup>3</sup> (WLTP)

	<b>59 kWh 230PS (V1, V2, V3, Exclusive Edition)</b>	<b>79 kWh 230PS (V1, V2)</b>	<b>79 kWh 326PS (VZ)</b>
Electric consumption combined WLTP (kWh/100km)	15.6-17.6	15.7-17.9	14.9-16.7
Electric range WLTP (km)	427-379	571-497	595-530
Electric range WLTP (miles)	265.3-235.5	354.8-308.8	369.7-329.3

<b>System</b>			
Max power (kW/PS)	170 (231)	170 (231)	240 (326)
Max torque (Nm)	310	310	545

3. Figures shown are for comparability purposes; only compare fuel consumption and CO<sub>2</sub> figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 07/2025. For full details on fuel consumption, CO<sub>2</sub> figures and VED bands (Vehicle Excise Duty) please see page 32. Figures quoted are for a range of configurations and are subject to change due to ongoing approvals/changes.

# CHASSIS AND BRAKING SYSTEM

# YOUR TYRE LABEL

They may not be the first part of your CUPRA you notice, but your tyres play a vital role in keeping you on the road. Your EU tyre label tells you everything you need to know. Due to the variation of tyres that may be fitted during production, the configurator will show multiple tyre labels. It is not possible to select a specific tyre when ordering a vehicle.

You'll see more in-depth information on your tyres while configuring your car. Click [here](#) to start building your CUPRA now.

## ENERGY EFFICIENCY

This is a measure of 'rolling resistance' – in other words, the amount of energy lost through motion. The lower the rolling resistance, the lower your energy consumption, with tyres rated as class A being the most efficient.

## WET GRIP

Rigorous testing ensures your tyres give great handling and performance in all conditions. Wet grip specifically measures how well you can brake in wet conditions, with grade A giving the shortest stopping distance.

## EXTERNAL NOISE

Tyres are carefully measured so you know exactly how much noise they'll make while driving. If decibels don't mean a lot to you, don't worry. Each tyre also falls into a noise class-A being the quietest and C the loudest.

# WARRANTIES

## FIVE-YEAR MANUFACTURER WARRANTY

All new CUPRA's ordered on or after 03/04/2024 in the UK, come with a five-year/90,000 mile warranty, which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage, plus a further three years up to a maximum of 90,000 miles (whichever is soonest).

## BATTERY WARRANTY

The batteries for battery electric vehicles (BEVs) are warranted against all defects in materials and workmanship for eight years or up to 100,000 miles, whichever comes first.

A gradual reduction in battery energy content over time is a normal feature of high voltage battery and does not constitute a warrantable defect. For BEVs, the battery energy content degradation warranty lasts for eight years or up to 100,000 miles, whichever comes first. Where the battery energy content of the high voltage battery is measured by a CUPRA authorised repairer and is found to be less than 70% during the warranty period, then it will be repaired or replaced under warranty subject to conditions. For full details, please go to the CUPRA UK website.

## THREE-YEAR PAINT WARRANTY

The paintwork of all models featured in this price list is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

## TWELVE-YEAR BODY PROTECTION WARRANTY

The internal body sections and panels of the models featured in this price list are covered against corrosion originating from internal cavities for twelve years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your authorised CUPRA Retailer or repairer for full warranty details.

## CUPRA PARTS WARRANTY

CUPRA parts and accessories supplied after new vehicle delivery are covered by our 24 month parts warranty.

## CUPRA ROADSIDE ASSISTANCE (INCLUDING EUROPEAN COVER)

Any new CUPRA purchased and registered in the UK from an authorised CUPRA Retailer, is covered free by CUPRA Assistance (including European cover) for roadside repairs or recovery to an authorised repairer for a term of one year. Terms and conditions apply.

## SPECIFICATIONS

Specifications refer to Model Year 2026. While CUPRA makes every effort to make sure that specifications are accurate at time of going to press (02/2026), you should always check details with your CUPRA Retailer as there may have been changes in view of CUPRA's policy of continuous product improvement. The right is reserved to change specification and colour at any time. The information in this price list can therefore be given as guidance only.

CUPRA is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While CUPRA makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised CUPRA Retailer for the latest information. Due to limitations of the printing process, the colours reproduced in this brochure may vary slightly from the actual paint colour and material. This vehicle and all its parts, as well as the original spares, were designed according to the Legal Regulations governing the prevention and minimisation of Environmental Impact, through the use of recycled/recyclable materials, with measures taken to achieve suitable recycling for the conservation and improvement of environmental quality.
